To: FILE- BARCLAY'S RENTAL - 1228 E. GUINEVERE
From: Gene Pabst *GP*
Subject: Proposed construction of outside equipment wash area.
Date: May 29, 1997

I received a call from J.D. Slaughter, Health Dept., on May 28, 1997 stating that he had received a complaint about Barclay's Rental washing off equipment outside on their lot. The runoff from this operation was causing a problem in the alley to the south of Barclay's. J.D. told them that they could not wash outside and that he would have somebody from our office stop by and talk to them about building a covered wash area and connecting it to the sanitary sewer. I stopped by on May 29, 1997 (10:30 A.M.) and talked to Keith, Mgr. of Barclay's Rental, and he explained that he has already talked to the owner of the business and they have already started to make plans to build a covered wash area with a drain to the sanitary sewer. I told him that he should contact Building Regulations Dept. and they will be able to tell him exactly what Barclay's needs to do in order to get a building permit. Keith said they would contact Building Regs.
